2024 **Gold Coast Music Awards** 'Breakout Artist of the Year', **Chloe Styler**, is back with her introspective new single, '**Little Lady**'.

From its lonesome guitar hooks to **Chloe's** velvety tones, '**Little Lady**' has the hallmarks of a contemporary country hit. Recorded in Music City – aka Nashville, Tennessee – with **Luke Wooten (Brad Paisley, Dierks Bentley)** in the producer's chair, the single features some of the genre's finest players.

"We recorded 'Little Lady' during the same session as 'Read a Room' and 'Call It', so the same players have worked their magic on all three tracks! I think this brings a really lovely sense of synergy between the songs, both musically and lyrically" recalls the singer-songwriter. "Luke Wooten is an incredible producer who I've had the pleasure of knowing for a few years now. So, it was great to finally be in the studio working on this song with him and the band."

A self-proclaimed chronic overthinker, **Chloe** turned her weakness into strength when penning '**Little Lady**'. *"Although it's not my best quality, at least it comes in handy when writing songs," she laughs.*

As the afterglow of a holiday fling began to fade, the songwriter blamed herself for the breakdown of what can only be described as a 'situationship'. *"Let's be real though... anything labelled a situationship is doomed from the start, but at least I can just blame it all on being a little lady."*

The song's video clip is a pleasant juxtaposition to its lyrics, framing **Chloe** in a field of wildflowers. Being the fourth time this year shooting alongside her sister, **Amy**, the pair decided to just go with the flow. *"There wasn't a whole heap of planning that went into this one... we just knew we wanted pretty flowers and a beautiful sunset! I sourced my outfit from a local vintage store on the Gold Coast too. We had so much fun filming this one!"*

2024 has been a massive year for the songbird. She recently took home the gong for 'Breakout Artist of Year' at the **Gold Coast Music Awards**, while her two previous singles - **'Time Bomb'** and **'Read a Room'** - hit **#26** and **#20** respectively on the **CountryTown Hot 50** airplay charts and both cracked **CMT's** Top 10. Her most recent offering, **'Call It'** – somewhat of a companion song to the new single – also notched additions to **Spotify's** 'Fresh Country' and 'All New Country' editorial playlists.

After joining **Nik Kershaw & Go West** on tour in March this year, as well as supporting **Shannon Noll**, **Taylor Henderson** and **Karise Eden**, **Chloe** is gearing up for her next run of shows alongside country legend, **Adam Harvey**. *"I'm so excited to be hitting the road with Adam Harvey for a small run of shows in November! Adam's music was a staple in my household growing up so it's a real honour to warming up the stage for him."*

"Chloe Styler has such a gorgeous, distinct sound that always makes you feel as though you're floating on a cloud!" (**Anika Luna, Triple J Unearthed**). **'Little Lady'** is yet another classic **Chloe Styler** track – thoughtful, innovative and super catchy.
